Village of Williamsville

Sign Design Preferences Gallery

DRAFT

The images contained in this gallery are intended to provide examples of proper implementation of the sign design guidelines outlined in Chapter 84 as they relate to each sign type permitted within the Village. These sign design elements include, but are not limited to, material and architectural compatibility, legibility, placement, and use of color. Please note that these elements of sign design are provided by way of example and are not intended to be a literal interpretation of sign regulations. As such the conformance with Village regulations for size, height, setback, etc. of each sign type has not been verified. The complete summary of sign design guidelines may be found in Section 84-16, while regulations by sign type may be found in Section 84-18.
