

Mayor Rogers,

The Memorial Day Committee has decided NOT to run the events for 2020 due to our concern for the health and safety of our village residents, our parade participants, judges, Parade Marshals, bystanders, etc. Our main concern is being the activity which could cause someone to contract the virus and pass it along to another who may be more susceptible to a negative outcome.

We thank the Village leadership for your continued support of our annual activities for Memorial Day and wish you all to stay well and safe travels.

Sincerely yours,

Wayne P. Sorrentino

Chairman
