

GREEN UP WILLIAMSVILLE!

APRIL 17-22

To Members of the Williamsville Business Association and other business owners:

The Village of Williamsville Environmental Advisory Council (WEAC) is inviting businesses in the Village to join us to help make our Village cleaner and greener!

In conjunction with Earth Day, which is celebrated on April 22, 2024, the WEAC is encouraging businesses along the Main Street corridor (and throughout the Village) to participate by making a special effort to perform a Spring clean-up in front of your businesses. This can involve sweeping, picking up debris/cigarette butts, pulling weeds around tree wells, and cleaning out bioswales. It can be done any time during "Williamsville Green Up Week", the week leading up to Earth Day (April 17th through the 22nd).

Most of you are likely already doing this, but the WEAC is requesting just a little bit of extra "community effort" during "Green Up Week". It's a great way to come together as good stewards of the planet and proud business owners in our Village.

Once you pledge your support, your business will receive a "GREEN UP WILLIAMSVILLE" lawn sign to show your commitment toward our Earth and our Village! Please contact Trustee Eileen Torre, 716 632-4120, for a lawn sign that you can proudly display on your property.

A flyer is attached to this email that you can hang on your storefront to let customers know you are participating in this event and celebrating "Earth Day".

Thank you so much in advance for your participation.
