

Historic Preservation Committee Meeting Minutes of 4/20/09 held at Village Hall, 5565 Main Street, Williamsville NY

Attending: Wes Stone, Bob Ess, Kate Waterman-Kulpa (after meeting recessed), and Mayor Mary Lowther, Committee Liaison

The meeting was called to order at 7:00 pm.

It was decided that committee members needed an email reminder a couple days prior to the meeting to help attendance.

Discussed update of Bero report via Preservation League Grant. Sue Barnes will advise Lynda Juul tomorrow on possible application.

Wes and Bob split the number of local historic designations to examine designation plaques and take pictures of same to update files. Wes will do south of Main and Bob to do north of Main. Mary will check on status of plaque in Mill and again request that Marty re-install his on Roneker Bldg. Aka Marty's Tuxedos. Wes also noted that the light on the north side of the bridge is out and has been for some time. (Marc Shuttleworth-please check and report-on the east end of the bridge).

Discussed the possibility of the Main Street bridge as a local designation. Mary will check Historical Society for written information on bridge.

The next meeting will be:

Monday, May 18, 2009 at 7 pm.

Kate Waterman-Kulpa met Mary after meeting recessed and further discussed Preservation League Grant for updating Bero Report. Kate will forward the application to Lynda on Tuesday morning along with some of her notes. She indicated that we should make a case for the re-survey by requesting updated history and architecture while using in-kind work for pictures in the match. Also on historic districts, Kate has in an inquiry on ListServe about how to handle contributory and non-contributory buildings in an historic district.
